

Katherine Bell, Ph.D., D.D. **Transpersonal Development**

Katherine Bell (AKA: Torres) is a Transpersonal Psychologist, author and lecturer. Dr. Torres specializes in Esoteric studies to define the Mystical Wisdom of the Universe. She has been following the intuitive path of her Celtic and Cherokee ancestors. Taking after the ways of her Shaman grandmothers, Katherine journeys into the mystical realms for others. Her journeys into the inner realm have brought forth the Divine Feminine qualities which are revealed through the symbology called, *The Faces of WomanSpirit*.

Katherine's task is to bring this knowledge to the world for the Great Goddess to be understood. This is now done through the divination deck and book called, *The Faces of WomanSpirit, A Celtic Oracle of Avalon*. A coloring book, correspondence courses, and workshops help to decode the symbology.

Katherine offers several modalities for spiritual awakening, self discovery and healing. For over 47 years she has journeyed with Spirit to help others. She presents her gifts as an intuitive counselor, channel, and recently as an artist. She is also an Astrologer and Minister of New Age Philosophy. She has written, *Soul Magic, Understanding Your Journey*; a book that helps you discover your Soul Destiny. She has also written, *The Faces of WomanSpirit A Celtic Oracle of Avalon, Goddess Emissaries, The Faces of WomanSpirit Coloring Book, and many articles*. She heads a correspondence school called, The Daughters of the Moon and The Wizard's circle. This course work helps women and men respond to their higher self and their alignment with authentic living. Katherine has dedicated her life to God/Goddess and to assisting others in understanding their Spirit Path. You may find one of her healing and spiritual pathways suitable for you.
